Additional lyrics

2. Remember the time you said we should wait awhile?
You'd let me know when you changed your mind.
Yeah, I was sad for some time.
But 12 hours watching me at the wheel
Made me realize what you really feel.
Won't have to hurt anymore.
3. Walking you home along Mt. Vernon Street,
You told me secrets I was shocked to know.
Pretend it was me every night.
I'm thrilled to be in the same postcode as you.
I'll come and visit, maybe never go,
Follow you into bed.
